

Welcome to Mini Drama with Simply Theatre!

Term 1:

Building the Ensemble

This first term is all about creating strong foundations on which to build throughout the year. This begins with the implementation of good performance ethics: exploring how we work together; how we establish basic trust and acceptance of the group; and how we create an atmosphere of mutual respect and support. We continue to build our collaboration skills and ensemble work throughout term 1, developing our ability and confidence to play together, and share our imaginations.

Term 2:

Exploring the World

This term builds upon the work of Term 1, and begins to focus towards investigation of the skills, style and details of the world of a particular story, play or musical production. We start to explore stories, images, characters, language, possibilities, using the techniques established in Term 1.

Rehearsing our Play!

Mid way through Term 2 we also begin rehearsals for the end of year sharing. Here we gather the skills, ideas, techniques, understanding and energy created during Term 1 and Term 2, and put them into practice. Lines are learned, characters are created, moves are established and we practice our craft in the rehearsal room. This work is also designed to increase a student's confidence, encouraging students to step forward more and be bold with their ideas, creativity and artistic concepts.

Term 3 :

Performing the Play

This term continues to build on the rehearsal experience and our work becomes more focused on developing performance skills. Each class works together as a mini theatre company as we rehearse our play. The material is carefully selected for each year group. We conclude the course by sharing the year's work in front of an invited audience (friends and family!)

Registration : Minimum of 8 participants. The cost for the class is CHF 990.00 per student for the year, covering 30 classes, which we can invoice for in 2 parts (at CHF 495.00 per invoice). The first invoice will be due when the classes begin at the start of Term 1, and the second just after Christmas, at the start of Term 2. Students are welcome to join during the year and pay pro-rata so they do not pay for any classes missed.
